The introduction may consist of 3 - 6 sentences.	We live on the Planet where are six parts of the world, six continents and more than one hundred and fifty countries. Since you were born , you spent most time of your life in one place. You did not see the other parts of our beautiful planet. As a result , you do not know a lot about life outside of your homeland and do not experience another cultures. Travelling is an amazing way to learn a lot of things in life. It opens a big door for us to explore the world beyond our imagination and indulge in many things . Additionally , travelling can bring you peace , because it is a way of resting and relaxing.

There are two different ways of going to another country or city: tourism and travelling. They does not mean the same thing. Travelling means going on a long journey , whereas tourism also refers travel, but there is a specific purpose in tourism. It refers to travelling to a place for pleasure . Reasons for travelling can be different. It can be a business trip , education , visiting family and friends or intention to stay for a long period in another country to live there for a while . Moreover , sometimes people get tired of their life and want to change the atmosphere. In such case , they travel to another country to explore new places, learn new languages and skills or to make new friends . In my opinion , reasons for travelling can be various, but it always for the best, because you broaden your mind. My motherland is Russia – the biggest country in the whole world. Every year many people travel here to see and experience ancient culture of Russians . When you travel here, you better get an inoculation and respect local dress codes . Also you need to be aware of local laws and customs .

There are two types of people visiting another country: travelers and explorers. Travelers usually go to another country or city not for a long period on purpose to experience new cultures and go sightseeing . Whereas explorer is someone who travels to places where no one has ever been in order to find out what is there. Therefore , they avoid tourist traps, keep a diary and describe their journey . One of the greatest explorers of all time was Christopher Columbus. Although Italian by birth, maritime explorer Christopher Columbus sailed across the Atlantic Ocean and discovered the Americas under the Spanish emperor's name. During his first voyage, he led three Spanish galleons, the Niña, Pinta, and the Santa Maria. All in all, between 1492 and 1503, Columbus sailed between Spain and the Americas. Prague amazed me with its beauty and grandeur. Near the local river we met a lot of animals. There was goose, beavers and seagulls. Someday I hope to visit Australia and New Zealand. These countries are so far from us that it does not fit in my head. I think that all things that we are used to here are different there. Moreover, I would like to see the ocean and try surfing.</p>	
<p>Step 5. CREATIVE THINKING</p> <p>Introduce your own extra idea(s) on travelling that hasn't/haven't been mentioned before. Moreover, it is also a good remedy for stress, anxiety and depression. The best way of travelling is not to visit only big and famous cities. If you travel, try to visit small towns. In other words, the real life of the country is always there.</p>
